Evolution of activity patterns and chromatic vision in primates: morphometrics, genetics and cladistics

Christopher P. Heesy and Callum F. Ross

Journal of Human Evolution (2001) 40, 111–149 (doi:10.1006/jhev.2000.0447)

It is regretted that the following error occurred in the text of the above article. The formula on page 120 should read:

$$R = (WY^2 + (XZ/2)^2) / 2WY$$
